

ASEAN TEACHER EDUCATION NETWORK

CONCEPT NOTE ON THE SECOND MEETING OF PRESIDENTS OF MEMBER INSTITUTIONS

The ASEAN Teacher Education Network (AsTEN) is a network of premier Teacher Education Institutions (TEIs) of countries in the ASEAN. The members work to address issues, challenges and concerns relevant to Teacher Education programs, practices and policies in the ASEAN region. At the same time, the network serves as a vehicle for collaboration in both academic and research endeavors within and across member institutions that will ultimately benefit the ASEAN nations and peoples.

The year 2015 presents bright opportunities and promising engagements among AsTEN member institutions as we move forward to ASEAN integration. It is in this context that AsTEN pursues projects and activities that will enhance partnerships and collaborations and promote greater cooperation and understanding among ASEAN nations through education.
